Dear Clerk Haas:

This letter is submitted in response to correspondence dated March 18, 2015 from the U.S. House of Representatives Committee on Ethics, signed by Chairman Charles Dent and Ranking Member Linda Sanchez, requesting additional information on a candidate personal financial disclosure. The original disclosure was filed with the Clerk of the House on May 21, 2014.

In response to the list of items requiring attention:

- 1.) In Part VI-1, the "no" box should have been checked, as I did not receive any salaries or wages in excess of \$5,000 from a single source in the two year period.
- 2.) In Part II-8, for the houses listed, after consultation with the Committee on Ethics, these were not required to be reported because they are personal residences, not rental properties, and do not have existing mortgages.

I hope this response satisfies all remaining questions you may have about the submitted forms.

Sincerely,

Bruce Poliquin
